

BUILT TO BEAT CORROSION

New, smaller, lighter
Field Machine
 potentiostat/galvanostat/ZRA

For over 20 years ACM Instruments have been manufacturing corrosion monitoring instrumentation specifically for field applications. We are now proud to offer a new, ultra-portable version of our Field Machine, with all the capability of the larger version:

- Lab precision measurements in the field
- Versatile options, including up to eight channels & parallel LCM™
- Wide range of techniques available including EIS, LPR & Noise
- Robust diving case to withstand harsh environments
- Ultra-mobile, now weighs less than 5kg (11lbs)
- Small, only 34 x 22 x 14 cm (13¾" x 8½" x 5½")
- Room for ultra-compact laptop protected under lid
- Up to twelve hours battery life using modern Li-ion technology
- Twenty years experience designing field instrumentation
- Excellent support from ACM Instruments, 2-year warranty as standard
